Conflict of Interest Disclosure Form

Authors of research articles are required at the time of submission to disclose to the SEBM Office any potential conflict of interest (eg., consultancies, stock ownership, equity interests, patent-licensing arrangements, lack of access to data, or lack of control of the decision to publish). Such information, unless already disclosed in the submitted article, will be held in confidence while the paper is under review. If the article is accepted for publication, information on the potential conflict of interest- including a lack of control of the decision to publish- will be included as a Disclosure Statement following the Acknowledgement section of the paper.

Please use this form to disclose any potential conflict of interest. The corresponding author is responsible for obtaining Disclosure Forms from all authors that have a potential conflict of interest.

1. Attestation of Investigator Independence/Accountability

Did authors have full access to all study data, take full responsibility for the accuracy of the data analysis, and have authority over manuscript preparation and decisions to submit the manuscript for publication and control its publication?
